REWARD !

It is an offence to allow dogs to foul land to which the Public has access and dog bins are provided – but dog fouling is still a big problem and poses a risk to local children.

The Town Council will offer a

Reward of £75

to any person who can provide information leading to a prosecution. Information required is dates/times of any offence plus description/address of offenders.

Please contact the Town Council or your local Councillor if you have any information.
